How did our survey work?

- 1.We have created a series of questions targeted to collect data that will help us
- 2.We have distributed flyers through our high school with the questions created
- 3.We have gathered all the responses and created statistics on them

Conclusions From what we have gathered

- 1. 100% of the people we asked to take into consideration more than one option when they think about their future job
- 2. 94,5% of the people we asked would like to have a site with insight in the work market
- 3. 72,3% of the people we asked haven't even taken an aptitude test 4. 44,45% of the people we asked are afraid they will end up in an unpleasant workplace

Financial details

- 1.Initial investment ~=5000€
- 2.Expense categories:
 - 1. tangible costs
 - 2. intangible costs
 - 3. goods and services
- 3.How will the profit be gained? Qualification and attainment fee(100 skill test,8€ for using our platform/month) Sponsors & partnerships
